Brand Introduction

FROM FRAGMENTED ADMIN TO ONE TRUSTED SYSTEM

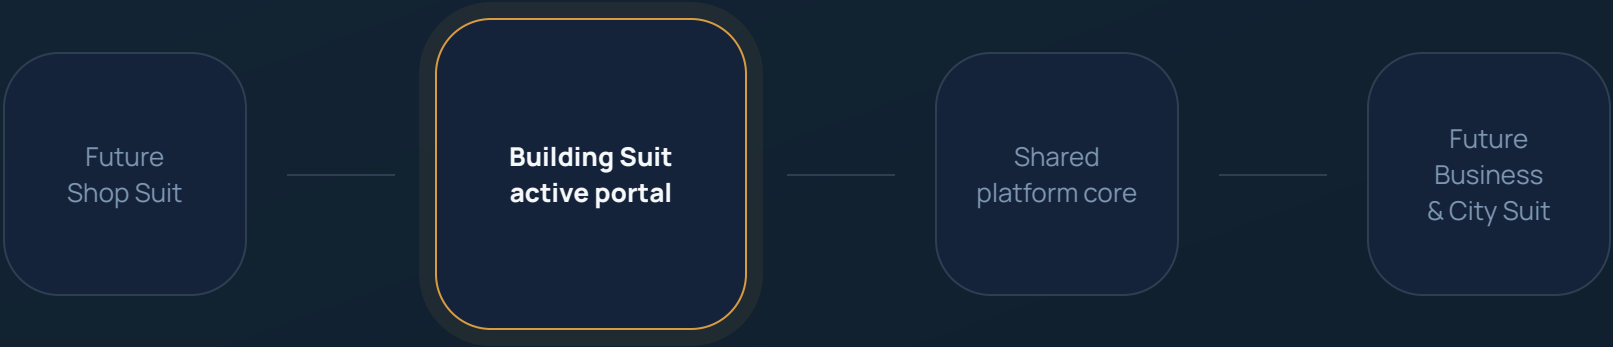

Clarity you can trust.

Building Suit replaces messaging apps, paper records, informal cash handling and spreadsheets with one unit-centered system for finance, membership, issues, announcements, governance and service discovery.

Built for self-managed buildings

Residents understand what is owed, managers keep an auditable record, and responsibility can be handed over without losing history.

- ✓ **Clear finances**
Every charge, payment and expense has a visible place.
- ✓ **Structured operations**
Status-led workflows replace chat-thread chaos.

Mission, Vision, Promise

01 / MISSION

Run buildings transparently, together.

Give every self-managed building a trustworthy way to run finances, decisions and daily operations.

Replace guesswork and endless group chats with a clear, auditable, unit-based system anyone can understand.

02 / VISION

Confidence at a glance.

A world where managing a shared building is as clear and trusted as checking your bank balance.

Building Suit becomes the default operating system for community-managed property.

03 / PROMISE

Clarity you can trust.

Every charge, payment, decision and announcement is recorded, visible and accountable.

Transparency. Trust. Order. Continuity.

Brand Personality

C

Clear

Plain language and visible status.

H

Honest

Corrections are tracked, never hidden.

C

Calm

Steady around money and errors.

P

Premium

Considered, polished and restrained.

D

Dependable

Accurate records that survive handover.

VOICE SAMPLE

“Clear, warm, confident — no hype.”

Target Audience

Residents & owners

See balances, payments, decisions and notices without chasing the administrator.

CORE NEEDS

- Visibility
- Fairness
- Easy mobile access

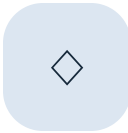

Building managers

Operate finance, people and issues with accurate records and structured handover.

CORE NEEDS

Bilingual by design. English uses Manrope. Arabic uses IBM Plex Sans Arabic with true RTL composition and equal content quality. “Building Suit” always remains in Latin script.

Logo System

LIGHT BACKGROUND / APPROVED

DARK BACKGROUND / APPROVED

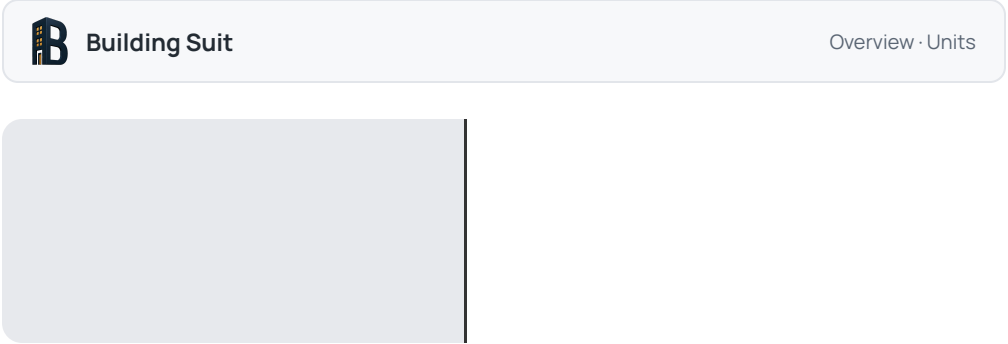

Dark / navy mark on white, Pearl White, Soft Silver and pale surfaces.

Light / silver mark on Building Navy, Deep Structure Navy and dark imagery with a navy scrim.

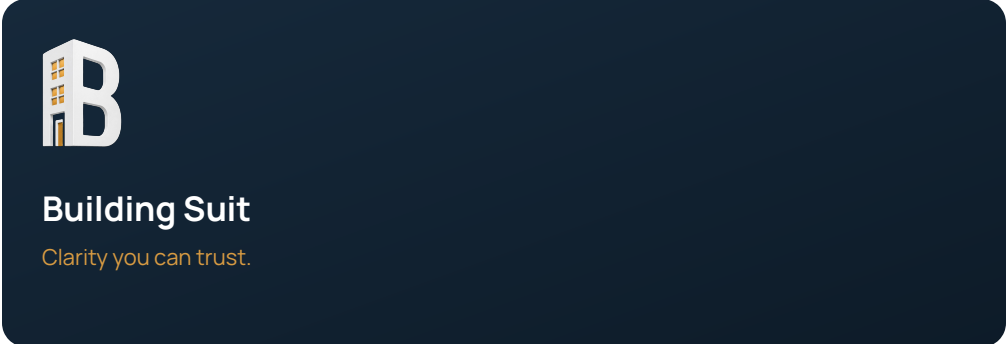

Variant rule: choose for contrast. Never alter the artwork, gold windows, materials, lighting or proportions.

Logo Usage

PRODUCT HEADER

MARKETING LOCKUP

DOCUMENT COVER

✓ **Lock aspect ratio**
Never stretch or skew.

✓ **Match background**
Dark on light; light on dark.

✓ **Respect 1X**
Keep edges and type away.

✓ **Use master PNG**
No screenshots or rebuilds.

Logo Clear Space

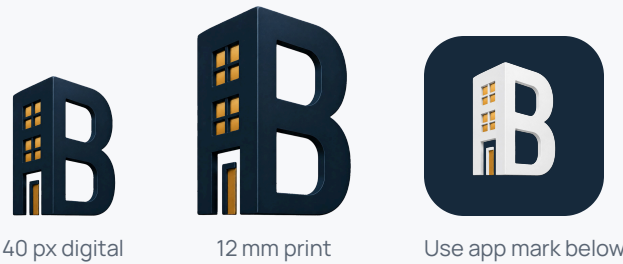

Protect the silhouette.

Keep at least 1X of empty space around every edge.

X equals the building-B mark height, or 25% of total logo height when working from a supplied lockup.

MINIMUM DISPLAY SIZES

Gold windows must remain distinct. If detail muddies, move to the platform-approved simplified companion asset; do not manually redraw the 3D mark.

Logo Do / Don't Rules

✓

Do

- ✓ Use the correct variant for the background.
- ✓ Keep at least 1X clear space.
- ✓ Give the mark generous, calm room.
- ✓ Keep the supplied proportions and 3D finish.

✗

Don't

- ✗ Recolor or change the gold windows.
- ✗ Distort, stretch, skew or mirror.
- ✗ Rotate, outline, glow or add effects.
- ✗ Place on busy or low-contrast imagery.

Fix the background or placement. Never “fix” the supplied logo artwork.

App Icon Guide

PRIMARY ICON

Building-B, centered on navy.

Use the uploaded light/silver mark intact. The navy rounded-square framing supplies contrast; the platform applies its own final mask.

Visual Language

Window-grid motif

Use subtly on cover, splash and hero backgrounds only. It echoes occupied, visible units.

Photographic direction

Lit residential buildings and real community moments, graded toward navy and gold with a navy scrim behind type.

 **Navy depth**
Use the approved dark gradient for structure.

 **One gold focus**
Reserve warmth for the key moment.

 **Human restraint**
No decorative clutter or invented imagery.

Iconography

Flat. Rounded. Consistent.

Use only the free Hugeicons Stroke Rounded library.
Keep size, optical weight and bounding boxes consistent.

Use the free @hugeicons/core-free-icons package only. Default icons remain Stroke Rounded in every state. Active icons use Gold plus a label or indicator. Do not use Solid, Duotone, Twotone, Bulk or other paid styles.

- ✓ **Free Hugeicons Stroke Rounded** only.
- ✓ **Gold + label/indicator** for active state.
- ✗ **No paid styles** or mixed libraries.

Clear states, calm surfaces.

Light is the default product theme. Dark mode preserves the same hierarchy with deeper surfaces and brighter muted text.

- ✓ Status always uses **color + icon + label**.
- ✓ One primary action per view.

MIDNIGHT PRODUCT THEME

Depth without noise.

Midnight background, Navy Surface cards, Pearl White text, Sky Steel muted copy and a Gold primary action.

- ✔ **Elevation** comes from raised surfaces, borders and dark-mode shadow tokens.
- ✔ **Contrast** stays at WCAG AA: 4.5:1 text, 3:1 large text and UI.
- ✔ **Gold** marks the one primary action, not every interactive detail.

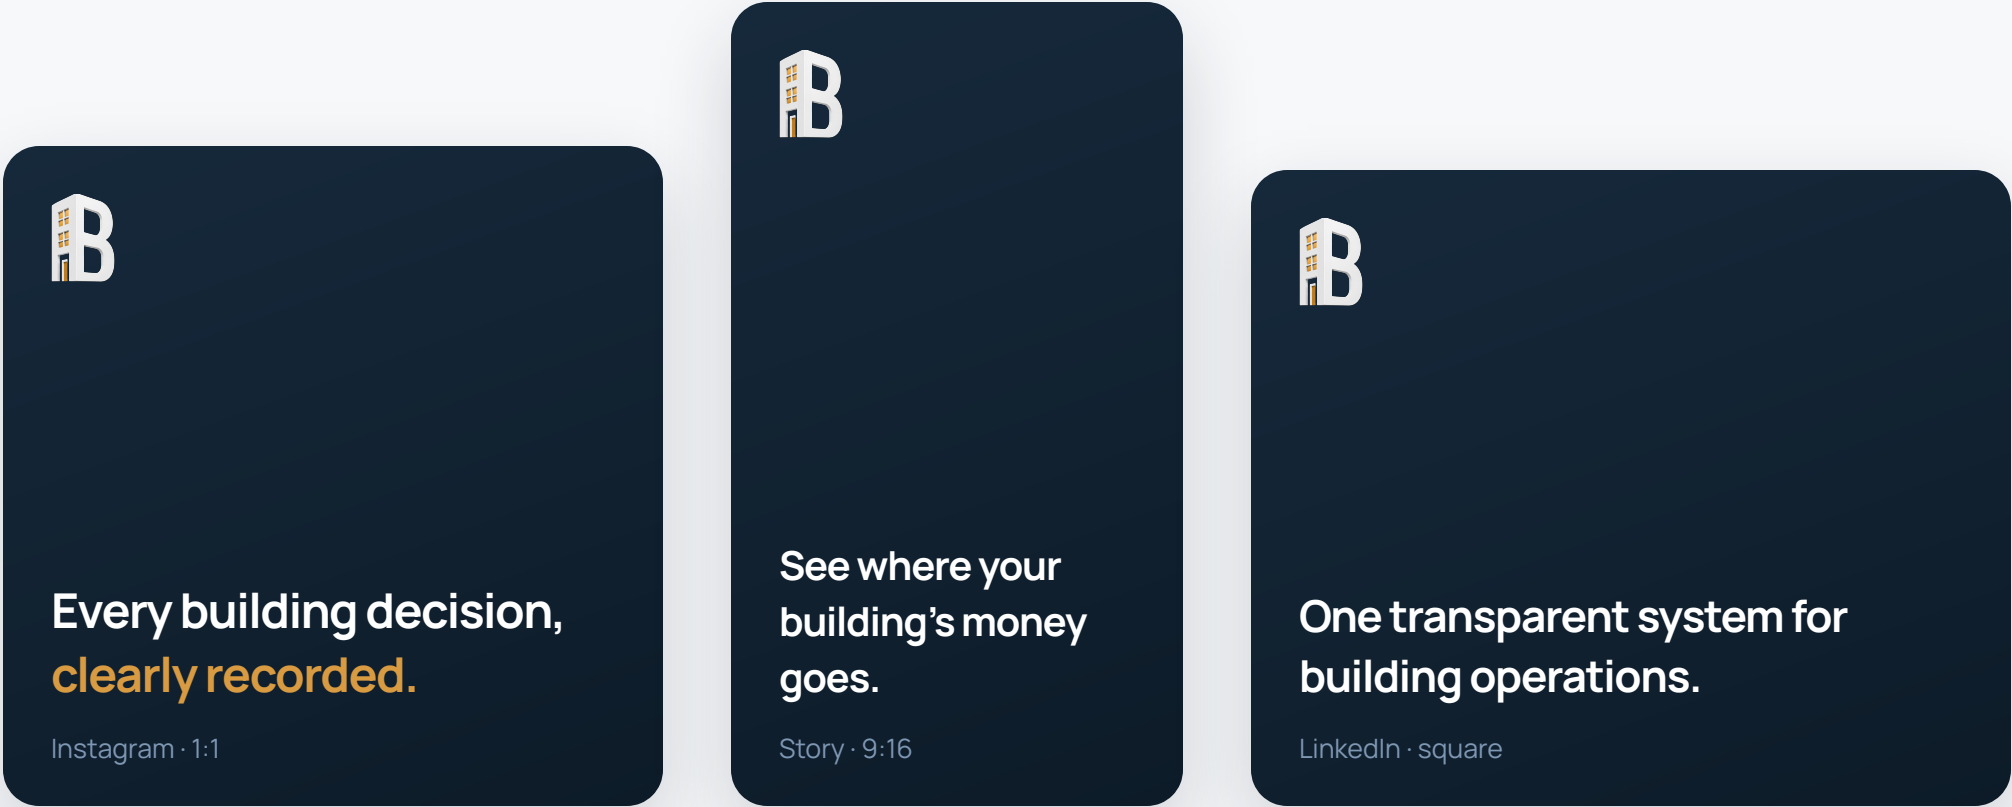

DEFAULT PRODUCT THEME

Bright, structured clarity.

Pearl White canvas, white cards, Graphite copy, Navy primary action and a restrained gold detail.

- ✓ **Cards** use 16 px radius and soft navy-tinted elevation.
- ✓ **Text** uses Graphite and Slate Gray, never gold for small copy.
- ✓ **Focus** uses the gold ring token for a clear keyboard state.

- ✓ Use the app mark for avatars; full lockup for covers.
- ✓ Maintain Arabic / English parity and true RTL.
- ✓ Write descriptive alt text for every published asset.
